Dear Parent,

Little Ted Goes to School

Throughout the year your child's school has been using our **Little Ted goes to school** resource pack to teach a number of importance messages on *rare disease, diversity, disability, understanding the world around them and sun safety.*

We believe strongly in building partnerships with schools and parents to achieve sustained learning. As such have appended some brief information leaflets for you, which, we hope you will find informative and useful if answering questions your child may have about themes they have explored.

Should you be interested, you can find out much more about Little Ted, who we hope you have heard much about from your child, and you can do so by visiting our website **www.teddingtontrust.com** or connecting with us on facebook. **[www.facebook.com/Little TedAdventures](http://www.facebook.com/LittleTedAdventures)**.

With kindest regards

Teddington Trust

Little Ted's Guide to XP
British Skin Foundation Leaflet

Little Ted's Top Tips for Sun-Safety

- ❖ Always wear a sun hat (with wide brim or neck protection) on bright and warmer days
- ❖ Wear sunglasses (with UV filters 90-100% UVA and UVB) on bright days
- ❖ Use minimum of SPF 30 sun cream with a 4 star rating and reapply every 2-3 hours or after water play
- ❖ Seek out shade and cover up during the hottest part of the day
