

# UV Protective Hat Design

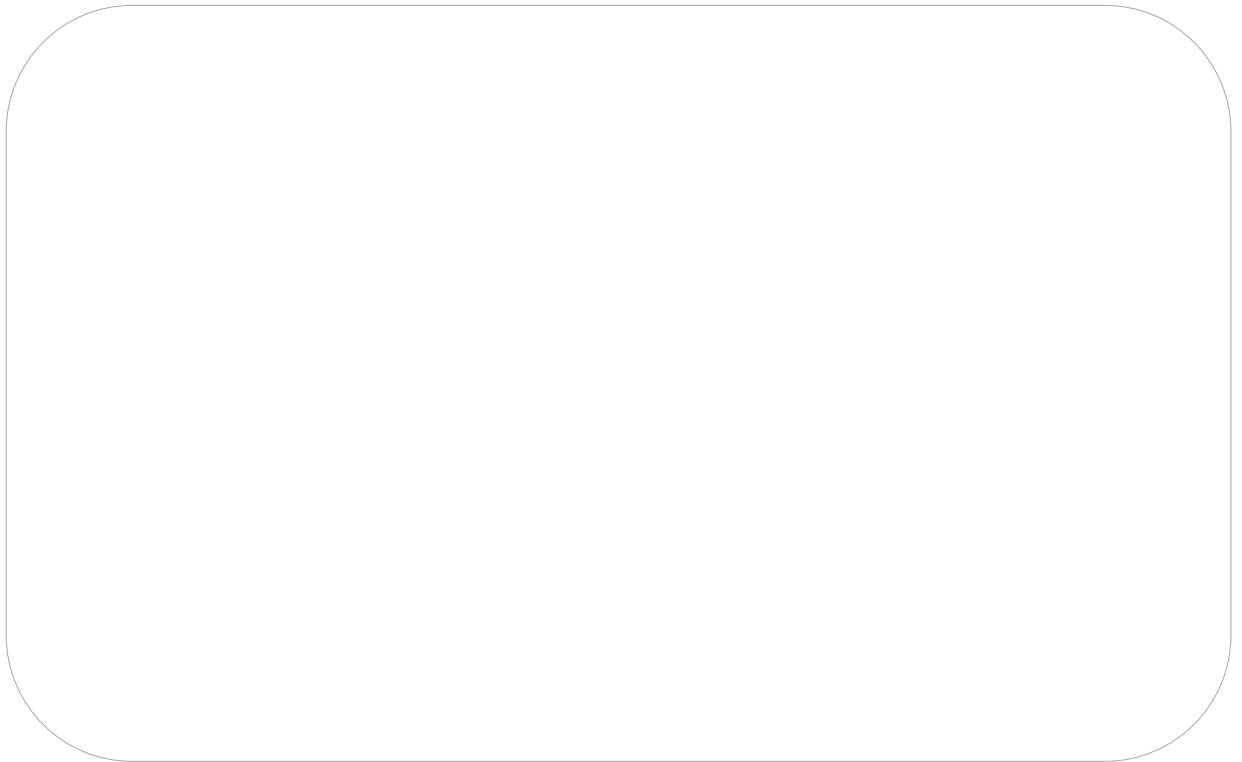

**Learning Intention:**

Design a UV protective hat for Little Ted.

Consider how you might improve or adapt his existing hat to keep him safe and comfortable during a range of tasks and activities. Use what you have learnt from completing the Little Ted Challenge (WS\_009) to inform your design.

**Success Criteria:**

- I can create an organised original idea
- I can label the parts of my design
- I can use my experiences to inform my design

Write a short paragraph about your design and explain the features. (continue over page if needed)
